

Please help recover stolen antiques

At approximately 11 PM Saturday October 29 2016, a car containing several rare lamps and parts was stolen from a hotel parking lot in Brantford Ontario. The car was recovered but the lamps and parts were not. The items may have been transported to the US.

Several of the items are very distinctive. They included

1. A large (20 inches to the top of the collar) white cut to cranberry overlay lamp with an early shade and appropriate setup
2. A cranberry shade with an engraved Roman chariot and horses
3. A cranberry Snowflake pattern finger lamp
4. A smaller stand lamp with a heavy cut glass font, milk glass base and British collar
5. An unusual frosted chimney with an uncommon base (probably British)
6. A rare early lightbulb with a Masonic symbol inside.

The owners would be grateful for any information on the whereabouts of these items. Please contact Officer Michal Andrejko of the Brantford Police Service at 519-756-0113, ext. 2801, email mandrejko@police.brantford.on.ca.
